You will also need one 10" (or longer) zipper.

Double Sided Tape for this project is 1/8" and can be [found here.](found%20here.) (This is an affiliate link. It does not cost you more, but I get pennies if you purchase through the link. Every bit helps, Thanks)

For Stabilized Fleece: Iron woven, fusible interfacing to "pimple" (bumpy) side of 80/20 batting.

For Crayon: Be sure to iron on HTV after initial crayon sides have been pieced together, but before adding the zipper and constructing the bag.

When printing your template page, print "actual size." Check the measurement box to verify size is correct.
